MEMORANDUM FOR: Chief, Information Systems
Analysis Staff

SUBJECT : Watergate - Agency File Review

1. Reference is made to memorandum dated 26 March 1974 from Mr. Donald F. Chamberlain, the Inspector General, outlining the Director's request for a review of Agency files relative to "Watergate." At my direction, a thorough review of Office of Security records has been completed in accordance with the instructions set forth in referenced memorandum.

2. The results of this review have been prepared and tabulated to correspond to the specific issues to be addressed in this search. Forwarded with this memorandum are tabulated responses, A through M, on each of these issues.

3. As you are aware, the major portion of the substantive files of the Office of Security dealing with "Watergate" were in the custody of the Office of the Inspector General from 26 February through 15 April 1974. This Office has also provided material on this subject on a timely basis to the Office of General Counsel and Office of Legislative Counsel. All material under the control of this Office, believed in any way relevant to "Watergate" or the collateral issues as defined by the referenced memorandum, has been included in this study or was previously forwarded to the Inspector General.
